Applications

➤ Easy to install and remove, cable ties 221/200 will not crush or damage category 5 cable and optical fibers / Vdi networks. Available in different colors and sizes, they are ideal for applications ranging from network installations to bundling power cords.

- Prevent crushing of cables
- Easy to install and remove
- Can be set on a fixed support with screws or rivets
- Remain attached to the main cable
- UL94V2
- FAR25853

Placement for a screw or rivet

Placer the tie around the main cable

Instantly bundle the remaining cable

Affix the bundle to a support by using a screw or rivet
